Jen,

- 1) I know from sitting and listening to speaker conventions between Michelle, Kim and Alex that they were trying to find ways to call the legal departments in Kentucky I believe and North Carolina and speak with the clerk of courts on process to add more drama to Derics case.
- 2) I was there when speaker conversations were going on about how they thought Derics miscarriage was just a ploy and they (Michelle and Alex) were manipulating pictures of the baby Deris and Jen lost.
- 3) I have been sitting at Alex's house when she has made up people on media accounts to start saying mean stuff about Deric to try to get Deric to answer when he wasn't suppose to be on the internet.
- 4) I have seen Alex post with advice from Kim (Attorney supposedly from Florida) about Deric in was that they cannot (the law) come back onto Alex
- 5) I have seen Alex stew for days on trying to bust Deric on many sites to try to get him to break a violation of some kind.
- 6) I have seen Alex avoid service for cases that Deric has filled against her
- 7) I am and have no idea about legal stuff but I do know that what Alex would talk to different people about was what they needed to do too get Deric pissed enough that he would say or do something when he would be drinking.
- 8) I know Alex told me many times that she was pissed that Brad Pitt bought the rights to some movie and he got money for it and she was going to see that he would pay for that somehow.
- 9) Alex obsesses about Deric on a daily basis along with others to try to get money somehow.
- 10) Alex's "Go Fund Me" me accounts that she has collect some money from are never what they are put out there to the public.....like her supposed back surgery a year ago out was a simply bowel obstruction. she was home in a week and walking around ....she took that money to move into where she lives now. **NOT FOR ANY LIFE THREATENING EVENT.**
- 11) Alex has played the victim of Deric when she is the one behind the scenes trying to get people to do things for her.
- 12) Everything Alex has done has been done to someone else this is what she obsesses over making people out to be the bad person. This has been going on for years.....Deric's is longer because he stole her 15 minutes of fame and she is broke and thinks Deric has gained from his actions in the Stubenville case and she has not and believes she did more to solve the case and plots what she can do to Deric to make his life a living hell.....she has said that to me many times.

I am not very good with the legal stuff but I have heard so much more that she has done or plans to do to Deric it is hard for me to put it all in writing.

Sincerely

Karen Wendelstam

I was not around her when this who Stubenville case and her and Deric were talking amicably. Where I can in is where it seemed like everyday (she lives oon the other side of the duplex from me) and lived in a apartment 5 minutes from me a year before that she would be telling me all the bad things about Deric. She would say she was going to have people from the group KY Anonymous stalk and watch his moves since it seemed as though she could not see everything Deric posts.....she was obsessed with Deric. She would tell me she was not going to stop messing with him till she say him go to jail. She was relentless about trying to find things out about Deric so she could post and add her comments to everything (which) most were lies. I wsh I could remember everything she said and did but what I do know is she was calling court house after court house and talking to people about Deric and how PSYCHO he was and I heard parts of the conversations due to she always had her iPhone on speaker phone.....I just wish at the time I was listening a little more with concern....but I thought this was all just her doing her normal stalking and harassing thing on the internet. Believe me Deric is not her first victim she had many.

There were times I would walk in her house and she would be talking to the North Carolina police to see what she had to do to respond to Derics motions.....then she would called her friend Kim in Florida who is supposedly an Attorney and this Kim girl would be telling what she needs to do to get Deric....and sometimes would have have a three way going with Kim , Michelle and Alexandria. Some advice that I know Kim gave her was to avoid service and they would have to post pone the court case.....MANY times I have seen and know she is home but be hiding from the service.

Deric is not her first victim and pob won't be her last cause she has stalked people way before the internet. I use to sit in cars with her and she would watch for the people and follow them and try to scare them with her tactics.

I truly believe after all the years I have known her she has a mental disorder and it is only getting worse. ANYONE she can pick on....the weak...the handicap she will.

She keeps putting "GOFUNDME" accounts out there.....and usually takes the money that is said to be for attorney fees to fight Deric and instead she pays cable bills, electric, rent, anything but what it is said to be for.

I have reported her to many companies around here for what I think is fraud. She will definitely lie when put on the spot.....that is also known from the 30 years of knowing her. She has a attorney that has sent her paper work asking for his money and she has avoided paying him cause she is supposedly doing all the the paper work and is trying to guide him thru his job.

Not sure what else I can write.....I know her well.....I know her games.....and she is not doing this just to Deric....Myself and my neighbor are being stalked and harassed buy her and had to file for restraining orders. She is relentless and thinks she is above the law cause she was the one who brought the Stubenville case to life.
